- RBI is exposed to risks due to its interconnectedness concerning the Institutional Protection Scheme.
- Potential losses due to settlement risks arise from the time-lag between the dates of the exchange of cash, securities, or assets respectively.
- Outbreaks of diseases can have severe impacts on banking operations, the social and economic environment, and financial market developments.

1.3 KEY INFORMATION ON THE SECURITIES

1.3.1 What are the main features of the securities?

The Notes will be issued in bearer form and are governed by the laws of Germany. Form and the custody of the Notes will be governed by the laws of Austria. The Notes are issued in Euro, in the aggregate principal amount of up to EUR 50,000,000 divided into Notes in a denomination of EUR 1,000. The ISIN of the Notes is AT000B015037. The Notes have not been rated.

Status of the Notes

Ordinary Senior Notes: The obligations under the Notes constitute direct, unsecured and unsubordinated obligations of the Issuer ranking in the event of normal insolvency proceedings (*bankruptcy proceedings*) or liquidation of the Issuer *pari passu* among themselves and *pari passu* with all other unsecured and unsubordinated instruments or obligations of the Issuer except for any instruments or obligations preferred or subordinated by law.

Interest Rate

The Notes shall bear interest annually in arrear based on their principal amount from (and including) 11 September 2020 for the first five interest periods, last coupon date in this regard is 11 September 2025, with an interest rate of 0,60 per cent *per annum* and the last six interest periods, last coupon date in this regard is 11 September 2031, with an interest rate of 1.00 per cent *per annum*.

Term of the Instruments

Unless previously redeemed in whole or in part or purchased and cancelled, each Note will be redeemed at its Final Redemption Rate of 100 per cent of its principal amount on 11 September 2031 (the "**Maturity Date**").

Early Redemption

Early Redemption for Reasons of Taxation.

The Notes can be redeemed at the option of the Issuer (in whole but not in part) if as a result of any change in, or amendment to, the laws or regulations of Austria or any political subdivision or taxing authority thereto or therein affecting taxation or the obligation to pay duties of any kind, or any change in, or amendment to, an official interpretation or application of such laws or regulations, which amendment or change is effective on or after the

date on which the last tranche of this series of Notes was issued, the Issuer is required to pay additional amounts on the Notes. The Early Redemption Amount equals the Final Redemption Amount.

Automatic Redemption

If the Auto-Redemption-Condition is fulfilled on the Observation Day, the Notes will be redeemed in whole at their Auto-Redemption-Rate on the respective Auto-Redemption-Date as set out in the table below. Otherwise, the Notes shall be redeemed at their Final Redemption Amount on the Maturity Date.

The Auto-Redemption-Condition will be fulfilled, if the Auto-Reference Value on the Observation Day is lower than or equal to the Auto-Reference Price, as set out in the table below.

The applicable "**Auto-Reference Value**" will be the Reference CMS Rate ("**Auto-Reference CMS Rate**"), all as determined by the Calculation Agent.

Relevant Data for Automatic Redemption:

Observation Day	Auto-Redemption-Date	Auto-Reference-Price	Auto-Redemption-Rate
04 September 2025	11 September 2025	0.210 per cent	100 per cent of the principal amount

The notice of Automatic Redemption of the Notes shall be given by the Issuer to the Fiscal Agent and by the Issuer to the Holders.

Limitations of rights

The presentation period provided in § 801 subparagraph 1 of the German Civil Code in relation to the Notes is (i) thirty years in respect of principal and (ii) four years in respect of interest.

Restrictions on free transferability

Not applicable. The Notes are freely transferable.

1.3.2 Where will the securities be traded?

The Notes will be admitted to trading on the Official Market of the Vienna Stock Exchange on or around 11 September 2020.

1.3.3 What are the key risks that are specific to the securities?

- Holders of the Ordinary Senior Notes are exposed to the risk of statutory loss absorption.
- In case of an insolvency of the Issuer, deposits have a higher ranking than claims resulting from the Ordinary Senior Notes.
- Holders of the Ordinary Senior Notes are exposed to the risk that the Issuer may issue further debt instruments or incur further liabilities.
- Regardless of whether the Notes are listed or not, there can be no assurance that any liquid secondary market for the Notes will develop. In an illiquid market, an investor might not be able to sell its Notes at any time at fair market prices.
- A Holder of Notes is exposed to the risk of an unfavourable development of market prices of its Notes which materialises if the Holder sells the Notes prior to the final maturity of such Notes. Holders of Fixed Rate Notes are particularly exposed to the risk that the price of such Notes falls as a result of changes in the Market Interest Rate levels
- If the Issuer redeems Notes prior to their maturity or Notes are subject to early redemption due to an early redemption event, a Holder of such Notes is exposed to the risk that due to such early redemption its investment will have a lower yield than expected. The Notes will be automatically early redeemed if the automatic redemption condition is fulfilled. In such case that the investor may only be able to reinvest the redemption proceeds in securities with a lower yield.
- The manner of administration of Benchmarks may change, with the result that they may perform differently than in the past, or Benchmarks could be eliminated entirely, or there could be other consequences which cannot be predicted. If a Benchmark were to be discontinued or otherwise unavailable, the rate of interest for such Benchmark-linked Floating Rate Notes will be determined by the fallback provisions applicable to such Notes.
- The Notes are not covered by any (statutory or voluntary) deposit guarantee scheme.

1.4 KEY INFORMATION ON THE OFFER OF SECURITIES TO THE PUBLIC AND/OR THE ADMISSION TO TRADING ON A REGULATED MARKET

1.4.1 Under which conditions and timetable can I invest in this security?

The Notes will be offered to investors by the Issuer and/or the Generally Authorised Offerors at an initial issue price of 100.50 per cent of the principal amount on the first day of the offer. Further issue prices will be determined based on market conditions; Maximum Issue Price: 105 per cent of the principal amount. The offer period will commence on 26 August 2020 (including) and will be open until 9 September 2031 (including) at the latest unless the offer is terminated by the Issuer, or the aggregate principal amount is reached, or early redemption takes place.

Plan for distribution and public offer of the Notes

A public offer to retail investors will be made in Austria and Germany. The Public Offer in Austria will be made by the Issuer and/or the "Generally Authorised Offerors" during the offer period. The Public Offer in Germany will be made by the Issuer. In the case of a public offer of the Notes in one or more further jurisdictions at a later point of time, the respective Final Terms produced for such public offer or offers would also be published on the Issuer's website under www.rbinternational.com under "Investors" under "Information for Debt Investors".

Conditions and technical details of the offer

The Issuer reserves the right to terminate the offer prematurely. Apart from the conditions set-out in this summary there are no further conditions to which the offer is subject.

Confirmation in relation to an order and allotments as well as delivery of the Notes

Delivery and payment of the Notes will be made on or about 11 September 2020. The Notes will be delivered via OeKB CSD GmbH (the "**Clearing System**") and its depositary banks against payment of the issue price.

Estimated expenses charged to the investor

Not applicable; the Issuer itself does not charge any expenses. However, other costs such as deposit fees might be charged. In case of subscriptions via the Generally Authorised Offerors purchase fees, selling fees, conversion fees and depositary fees charged by the financial intermediaries and depositary banks are to be expected.

Estimate of the total expenses of the issue and offer

The Issuer expects to incur offer-related expenses of approximately EUR 2,000.

1.4.2 Who is the offeror and/or the person asking for admission to trading?
