The OeSD Group is an integrated provider of identity management solutions. It develops and produces high security identification documents ("ID Documents"), for example passports with chips and biometric security features, ID cards, drivers licences, electronic vehicle registration cards, electronic residence permits etc, and offers integrated identity management solutions. The OeSD Group advises public authorities and private institutions regarding the development, implementation and administration of identity management systems under the trademark "e-government by ÖSD®".

The OeSD Group's business activities span the areas of consultancy in the development, implementation and administration of national identity management systems, including data & IT security and biometrics ("eGovernment Consulting") and the personalization of ID Documents and the logistics involved in the delivery of these documents ("eGovernment Services") as well as the forgery-proof production of blank ID documents ("High Security Printing").
